STORMWATER COMPLIANCE SEMINAR
October 4 - 5, 2020 | Hyatt Regency | Milwaukee, WI

32ND ENVIRONMENTAL, HEALTH & SAFETY CONFERENCE
October 6 - 8, 2020 | Hyatt Regency | Milwaukee, WI
STORMWATER COMPLIANCE SEMINAR
October 4 - 5, 2020 | Hyatt Regency | Milwaukee, WI
Building on the fundamentals of the Clean Water Act, this seminar will address the rapidly changing world of stormwater compliance, including both the regulatory and technical issues involved in meeting the complex requirements. This seminar is especially timely given the many recent changes to state General Stormwater Permits and the newly proposed 2020 EPA General Permit. Highlights include development of Stormwater Pollution Prevention Plans (SWPPPs), and helpful reference materials including current EPA and state guidance documents, tips, best management practices and challenges. Group exercises will reinforce course content and provide a little competitive fun, as well!

32ND ENVIRONMENTAL, HEALTH & SAFETY CONFERENCE
October 6 - 8, 2020 | Hyatt Regency | Milwaukee, WI
Join us for the 32nd Annual EHS Conference held in Milwaukee. The EHS Conference is where you can meet up with old friends, network with new contacts, see the latest products vendors have available, and listen to cutting-edge information on a wide array of EHS topics. You can also become motivated anew as you listen to the keynote speaker and hear what other foundries are doing to become safer and greener. With more than 150 attendees, 35 speakers, presentations about cutting-edge research, an evening reception to check out the latest vendor products, two foundry-members-only sessions, and 2.5 days jam-packed with high energy technical sessions, the EHS Conference is the place to be. Don't miss it!
