

2017 AFS Safe Year Award Application

Award Criteria

The AFS Safe Year Award recognizes AFS Corporate Member facilities, at a single location, which have achieved one year (365 consecutive calendar days) without a lost-time incident. Because the Environmental, Health & Safety (EHS) Conference has been moved from August to October of each year, the due date for Safe Year Award applications has been pushed back to June 1, 2018. A few companies may qualify for two awards in October 2018 because of this shift. The one-year count begins on the day following a facility's last lost-time incident. When 365 consecutive calendar days have passed without a lost-time incident or death, the company may submit a verified application. All applications must be for a 365-day period starting after January 1, 2017, and achieving the one-year, incident-free period before May 31, 2018. (For example, dates may run from January 1, 2017, to January 1, 2018, or as late as May 31, 2017 to May 31, 2018.)

Only AFS Corporate Members are eligible to enter. Application deadline is Friday, June 1, 2018. The awards will be presented Oct. 10, 2018, at the AFS Environmental Health & Safety Conference at the Cleveland Marriott East, Warrensville Heights, Ohio. If you have any questions, please call (800) 537-4237, ext. 224 or email jgaresche@afsinc.org.

Application Details — (Please type/print)

Organization Name (Name as it will appear on the plaque): _____

Award Facility Location: _____ NAICS/SIC: _____

Process/Product(s) Made: _____ Number of Employees: _____

Company Contact: _____ Title: _____

Address: _____

City: _____ State: _____ Zip: _____

Phone: _____ E-mail: _____

Period for which this award is being applied: From: _____ To: _____ 2018

Application Verification — (Signed and dated by company officer)

I certify that the above information is correct and we are an AFS Corporate Member:

Print name: _____ Signature: _____

Title: _____ Date: _____

E-mail completed application to
