

# FUTURE LEADERS

# of Metalcasting

## Agenda

### Monday, October 12

6:30-8:30 p.m. **Mixer**

### Tuesday, October 13

8:00 a.m. **Welcome**

8:15 a.m. **Leadership and Management Training**

*Charles I. Dixon, Dixon Motivation Management*

Charles I. Dixon is known internationally as a dynamic, highly informative speaker and trainer. His company has trained more than 8,800 clients in techniques to measurably improve their performance, utilizing Dixon Motivational Management's exclusive training programs. For more information, visit: [www.cidixoncorp.com](http://www.cidixoncorp.com).

12:00 p.m. **Lunch & FLM: Where Are We Going?**

*Mackenzie Meekhof*

1:00 p.m. **Community Outreach**

The afternoon will be spent at a local school demonstrating Foundry in a Box and presenting on careers in the industry. This is a great opportunity to reach the next generation and show them the fascinating application of engineering in their own backyard.

6:30 p.m. **Group Dinner**

### Wednesday, October 14

9:00 a.m. **Tours of Denison's Operations**

Denison Industries facilities total 230,000 square feet of manufacturing, warehouse and office space where aluminum castings are produced from 1 to 3,000 pounds. The primary molding and core processes used at Denison include nobake, shell and coldbox, semi-permanent & permanent mold, and low pressure sand molding. In addition, Denison has full x-ray, liquid penetrant, acid etch, non-destructive testing, solution heat treat, machining, impregnation, assembly, pressure testing, and light scanning capabilities in-house.

The FLM group will tour the Main Foundry and Automotive facility where parts for aerospace, automotive, commercial and military applications are cast, processed, machined and tested.

This FLM event is sponsored by:
